**INSTRUCTIONS TO APPLICANT TO PERFORM
WORK ON COUNTY RIGHT-OF-WAY**

Proposals to occupy county Right-of-Way with utilities, driveways, fences, parking areas, landscaping or contemplating any work upon, along, over, under or across any county road, bridge, wharf, trestle, public place, street, avenue or alley on any property in the County, shall first file an application to do such work with the County Road Engineer. (Vegetation removal is exempt.)

Such applications shall be accompanied by drawings, if required by the County Engineer. Drawings shall be to a working scale, showing position and location of work, names, numbers and width of roads, streets, etc., showing their location in plats, or subdivisions of sections, township and range, showing the relative position of such work to existing utilities, constructed, laid, installed or erected upon such roads, streets or public places.

The applicant shall specify the type of construction by submitting plans showing the class of material and the manner in which the work is to be accomplished. All such materials and workmanship shall be in accordance with W.S.D.O.T. standard specifications for road, bridge and municipal construction, shall meet with the provisions of the County Utility Accommodation Policy (Washington Administrative Code 136-40) and shall require approval by the County Engineer. Signing, barricades and traffic control in the vicinity of the work shall strictly conform to provisions of "The Manual on Uniform Traffic Control Devices for Streets and Highways." The applicant shall pay to the County all costs of, and expenses incurred in the examination, inspection and supervision of such work on account of the granting of said permits.

The actual location of the work to be performed under this permit, its depth below or above surface of grade of any County structure, road, street, avenue, alley or public place, shall be approved by the County Engineer before any work shall be started by the applicant.

IN SUMMARY:

1. Fill out the top half of the Application to Perform Work on County Road Right-of-Way.
2. Sign on the page where you see →Signature.
3. Flag the access with red and white flagging.
4. Provide a site plan/directions to the site.
