Grays Harbor County

HAZARD MITIGATION PLAN

Prepared for Grays Harbor County by

John Kliem, Creative Community Solutions

Abby Byrne, Abby Byrne Consulting

Rose Morgan

August 2005

Acknowledgements

The preparation of the Grays Harbor County Hazard Mitigation Plan is a culmination of effort of many citizens throughout Grays Harbor County. Of particular importance to creating the plan, however, were the members of the Grays Harbor County Hazard Mitigation Planning Team, who put many hours in at designing the planning process, analyzing data, working with citizens, and developing many of the ideas in the action plan. Individuals participating on the Planning Team include:

Anne Sullivan
Darrel Haglund
Dave Porter
Denise Stewart
Ed McCullough
Ed Pauley
Ernie Lysen

Floyd Davis
Jeremy Hawkins
Jim Westby
John Pellegrini
John Todd
Karolyn Luzzi
Lee Napier

Marty Best
Matt Stowers
Monica Simpson
Ray Sowers
Rick Lovely
Vic Davis

Special recognition also goes to two Grays Harbor County staff members. Wade Reuther, Central Services GIS Division, did an outstanding job in preparing maps and collecting data for the Hazard Inventory and Vulnerability Assessment. Sandi Duffey, Emergency and Risk Management Division, was extremely helpful in assisting project consultants in locating archival data on county disaster events.

Funding for this project was made possible through the Pre-Disaster Mitigation Competitive Grant Program, administered by the Washington State Emergency Management Division..

On behalf of the citizens of Grays Harbor County, the Board of County Commissioners thanks everyone for their service on this project.
