

**Chehalis Basin Partnership
2002 Chehalis Basin Instream Flow Study
TABLE OF CONTENTS**

<i>Title</i>	<i>Page No.</i>
Table of Contents.....	i
List of Tables.....	v
List of Figures.....	vi
1. Introduction.....	1-1
How to Use this Document.....	1-1
Control Point.....	1-1
Exceedance.....	1-1
Mean Versus Median.....	1-2
Regulatory Context.....	1-2
Scope of Study.....	1-3
2. Review of Data from Existing and Historical USGS	
Gauge Stations.....	2-1
Information Provided.....	2-1
Factors in Assessing Data Suitability.....	2-1
Gauge Location.....	2-1
Length of Record.....	2-1
Flow Diversions.....	2-2
Review of Currently Operating USGS Gauge Station Data.....	2-2
South Fork Newaukum River.....	2-3
Chehalis River Confluence with Elk Creek.....	2-4
Skookumchuck River.....	2-5
Chehalis River at Grand Mound.....	2-6
Chehalis River at Porter.....	2-7
Satsop River.....	2-8
Wynoochee River.....	2-9
Newaukum River.....	2-10
Review of Historical USGS Gauge Station Data.....	2-11
South Fork Chehalis River.....	2-11
Chehalis River below Confluence with Satsop River.....	2-12
Elk Creek.....	2-13
Salzer Creek.....	2-14
Porter Creek.....	2-15
Black River.....	2-16
Cloquallum Creek.....	2-17
East Fork Satsop River.....	2-18
Humptulips River.....	2-19
Newskah Creek.....	2-20

Charley Creek	2-21
North Fork Newaukum River	2-22
3. 2002 Flow Monitoring Gauge Installation and Measurement Methods	3-1
Site Selection.....	3-1
Gauge Installation	3-1
Measurement Methods	3-3
Development of Flow Equations	3-3
Data Compilation.....	3-4
Correlation with Historical Data	3-4
4. 2002 Gauging Program and Discussion	4-1
South Fork Chehalis River.....	4-1
Description	4-1
Results	4-1
Discussion.....	4-3
Recommendation.....	4-4
Chehalis River at State Highway 603 Crossing.....	4-4
Description	4-4
Results	4-4
Discussion.....	4-6
Recommendation.....	4-7
Chehalis River near Confluence with Satsop River.....	4-7
Description	4-7
Discussion.....	4-7
Black River at US Highway 12 Bridge Crossing.....	4-8
Description	4-8
Miscellaneous Historical Data	4-10
Results	4-10
Discussion.....	4-10
Recommendation.....	4-11
Cedar Creek	4-12
Description	4-12
Miscellaneous Historical Data	4-12
Results	4-12
Discussion.....	4-12
Recommendation.....	4-14
Decker Creek at Bridge Crossing.....	4-14
Description	4-14
Miscellaneous Historical Data	4-15
Results	4-16
Discussion.....	4-16
Recommendation.....	4-16
Middle Fork Satsop River.....	4-17
Description	4-17
Miscellaneous Historical Data	4-18
Results	4-19

Discussion..... 4-19
Recommendation..... 4-20
Johns River 5 Miles Upstream of Markham 4-20
 Description 4-20
 Miscellaneous Historical Data 4-21
 Results 4-21
 Discussion..... 4-22
 Recommendation..... 4-23
Elk River 4-23
 Description 4-23
 Results 4-25
 Recommendation..... 4-25
Newskah Creek 4-26
 Description 4-26
 Miscellaneous Historical Data 4-27
 Results 4-27
 Discussion..... 4-29
 Recommendation..... 4-29
Charley Creek 4-29
 Description 4-29
 Miscellaneous Historical Data 4-30
 Results 4-30
 Discussion and Recommendation..... 4-31
West Fork Hoquiam River at Dekay Road 4-31
 Description 4-31
 Miscellaneous Historical Data 4-33
 Results 4-33
 Discussion..... 4-33
Middle Fork Hoquiam River 4-34
 Description 4-34
 Results 4-35
 Discussion..... 4-36
 Recommendation..... 4-36
East Fork Hoquiam River 4-36
 Description 4-36
 Miscellaneous Historical Data 4-36
 Results 4-39
 Discussion..... 4-39
 Recommendation..... 4-40
Wishkah River 4-40
 Description 4-40
 Miscellaneous Historical Data 4-41
 Results 4-41
 Discussion and Recommendation..... 4-41
East Fork Wishkah River 4-43
 Description 4-43
 Miscellaneous Historical Data 4-45
 Results 4-45
 Discussion 4-46

Recommendation.....	4-46
Comparison of 2002 Flows to Historical Averages.....	4-47
5. Summary and Recommendations	5-1
Summary.....	5-1
Recommendations.....	5-8
References	R-1
Technical Appendix	

LIST OF TABLES

<i>No.</i>	<i>Title</i>	<i>Page No.</i>
1-1	Summary of Available Data for Chehalis Basin Control Points	1-7
4-1	Comparison of Measured Flows to Regulatory Minimum Flows; South Fork Chehalis River.....	4-3
4-2	Comparison of Measured Flows to Regulatory Minimum Flows; Chehalis River at State Highway 603	4-6
4-3	Comparison of Measured Flows to Regulatory Minimum Flows; Black River at US Highway 12 Bridge Crossing.....	4-10
4-4	Comparison of Measured Flows to Regulatory Minimum Flows; Cedar Creek	4-13
4-5	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, Decker Creek	4-16
4-6	Comparison of Measured Flows to Regulatory Minimum Flows; Decker Creek.....	4-17
4-7	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, Middle Fork Satsop River	4-19
4-8	Comparison of Measured Flows to Regulatory Minimum Flows; Middle Fork Satsop River.....	4-20
4-9	Comparison of Measured Flows to Regulatory Minimum Flows; Johns River	4-22
4-10	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, Newkah Creek	4-28
4-11	Comparison of Measured Flows to Regulatory Minimum Flows; Newkah Creek.....	4-28
4-12	Comparison of Measured Flows to Regulatory Minimum Flows; Charley Creek	4-31
4-13	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, West Fork Hoquiam River	4-33
4-14	Comparison of Measured Flows to Regulatory Minimum Flows; West Fork Hoquiam River.....	4-34
4-15	Comparison of Measured Flows to Regulatory Minimum Flows; Middle Fork Hoquiam River	4-35
4-16	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, East Fork Hoquiam River.....	4-38
4-17	Contribution of Berryman Creek to East Fork Hoquiam River Flows	4-39
4-18	Comparison of Measured Flows to Regulatory Minimum Flows; East Fork Hoquiam River	4-39
4-19	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, Wishkah River.....	4-41
4-20	Comparison of Measured Flows to Regulatory Minimum Flows; Wishkah River	4-43
4-21	Comparison of Miscellaneous Current-Meter Measurements to 2002 Gauged Flows, East Fork Wishkah River	4-45

4-22 Comparison of Measured Flows to Regulatory Minimum Flows;
East Fork Wishkah River..... 4-45

5-1 Summary - Historic Gauging Stations 5-3

5-2 Summary - 2002 Gauges 5-6

LIST OF FIGURES

<i>No.</i>	<i>Title</i>	<i>Page No.</i>
1-1	Locations of Control Points Investigated for Instream Flow Study.....	1-4
1-2	Locations of Currently Active USGS Gauging Stations	1-5
1-3	Locations of Gauging Stations for which Historical Records Are Available.....	1-6
2-1	Dry-Weather Flow Exceedances and Regulatory Minimum, South Fork Newaukum River	2-3
2-2	Dry-Weather Flow Exceedances and Regulatory Minimum, Chehalis River Confluence with Elk Creek.....	2-4
2-3	Dry-Weather Flow Exceedances and Regulatory Minimum, Skookumchuck River	2-5
2-4	Dry-Weather Flow Exceedances and Regulatory Minimum, Chehalis River near Ground Mound.....	2-6
2-5	Dry-Weather Flow Exceedances and Regulatory Minimum, Chehalis River at Porter.....	2-7
2-6	Dry-Weather Flow Exceedances and Regulatory Minimum, Satsop River	2-8
2-7	Dry-Weather Flow Exceedances and Regulatory Minimum, Wynoochee River.....	2-9
2-8	Dry-Weather Flow Exceedances and Regulatory Minimum, Newaukum River	2-10
2-9	Historical Dry-Weather Exceedances and Regulatory Minimum, South Fork Chehalis.....	2-11
2-10	Historical Dry-Weather Exceedances and Regulatory Minimum, Chehalis River below Confluence with Satsop River.....	2-12
2-11	Historical Dry-Weather Exceedances and Regulatory Minimum, Elk Creek.....	2-13
2-12	Historical Dry-Weather Exceedances and Regulatory Minimum, Salzer Creek.....	2-14
2-13	Historical Dry-Weather Exceedances and Regulatory Minimum, Porter Creek.....	2-15
2-14	Historical Dry-Weather Exceedances and Regulatory Minimum, Black River.....	2-16
2-15	Historical Dry-Weather Exceedances and Regulatory Minimum, Cloquallum Creek	2-17
2-16	Historical Dry-Weather Exceedances and Regulatory Minimum, East Fork Satsop River.....	2-18
2-17	Historical Dry-Weather Exceedances and Regulatory Minimum, Humptulips River	2-19

2-18 Historical Dry-Weather Exceedances and Regulatory Minimum,
Newskah Creek..... 2-20

2-19 Historical Dry-Weather Exceedances and Regulatory Minimum,
Charley Creek 2-21

2-20 Historical Dry-Weather Exceedances and Regulatory Minimum,
North Fork Newaukum River 2-22

3-1 Typical Stream Gauge for In-Stream Flow Study 3-2

3-2 Water Level Recorder 3-2

4-1 South Fork Chehalis River Gauging Station Site..... 4-2

4-2 South Fork Chehalis River from West Bank Looking Downstream 4-2

4-3 Discharge Hydrograph, South Fork Chehalis River 4-3

4-4 Chehalis River at State Highway 603 Gauging Station Site 4-5

4-5 Chehalis River at State Highway 603, Looking Downstream;
Gauge Shown at Bottom Left 4-5

4-6 Discharge Hydrograph, Chehalis River at State Highway 603..... 4-6

4-7 Chehalis River at Keys Road Bridge Crossing near Satsop River
Confluence, Looking Upstream..... 4-8

4-8 Black River at US Highway 12 Bridge Crossing Gauging Station
Site..... 4-9

4-9 Black River Looking Upstream to Highway 12 Bridge;
Measurement Transect is just Upstream of the Riffle 4-9

4-10 Discharge Hydrograph, Black River at Highway 12..... 4-11

4-11 Cedar River Gauging Station Site 4-13

4-12 Discharge Hydrograph, Cedar Creek at Highway 12 Bridge
Crossing..... 4-14

4-13 Decker Creek Gauging Station Site..... 4-15

4-14 Decker Creek, Looking Upstream from North Bank (Left) and
Downstream from North Bank at Gauge (Right)..... 4-15

4-15 Discharge Hydrograph, Decker Creek at Bridge Crossing..... 4-17

4-16 Middle Fork Satsop River Gauging Station Site..... 4-18

4-17 Middle Fork Satsop River Looking Upstream (Left) and
Downstream (Right) from North Bank..... 4-19

4-18 Discharge Hydrograph Middle Fork Satsop River..... 4-20

4-19 Johns River Gauging Station Site 4-21

4-20 Johns River Looking Downstream; Measurement Transect Is at
Gauge Location 4-22

4-21 Discharge Hydrograph, Johns River..... 4-23

4-22 Attempted Measurement Sites on Elk River 4-24

4-23 Elk River Looking Upstream on Main Stem, at Confluence of
What Is Believed to Be the West Branch and Main Stem..... 4-25

4-24 Newskah Creek Gauging Station Site 4-26

4-25 Newskah Creek; Riffle just Downstream of Access Bridge
Provides Hydraulic Control..... 4-27

4-26 Discharge Hydrograph, Newskah Creek 4-28

4-27 Charley Creek Measurement Site..... 4-30

4-28 West Fork Hoquiam River Gauging Station Site..... 4-32

4-29 West Fork Hoquiam River at Dekay Road Site, Looking

Downstream; although Tidally Influenced during Daily Three-
Hour Flood Cycles, the Riffle Downstream of Bridge Provides
Control during Ebb Conditions 4-32

4-30 Discharge Hydrograph, West Fork Hoquiam River..... 4-34

4-31 Middle Fork Hoquiam River Measurement Site..... 4-35

4-32 East Fork Hoquiam River Gauging Station Site 4-37

4-33 East Fork Hoquiam at F-line Bridge, Looking Downstream from
Bridge at Gauge Location..... 4-38

4-34 Discharge Hydrograph, East Fork Hoquiam River..... 4-40

4-35 Wishkah River Gauging Station Site 4-42

4-36 Wishkah River Looking Downstream from Gauge Location 4-42

4-37 Discharge Hydrograph, Wishkah River..... 4-43

4-38 East Fork Wishkah River Gauging Station Site..... 4-44

4-39 East Fork Wishkah River Looking Downstream from Bridge
Crossing..... 4-44

4-40 Discharge Hydrograph, East Fork Wishkah River 4-46

4-41 Comparison of 2002 Flows to Historical Mean for USGS Satsop
River Gauge at Satsop 4-47

4-42 Comparison of 2002 Flows to Historical Mean for USGS Chehalis
River Gauge near Grand Mound..... 4-48
